

中 国 神 经 科 学 学 会

Chinese Neuroscience Society

## Invitation Letter

Dear \_\_\_\_\_,

The 14th Annual Meeting of Chinese Neuroscience Society (CNS 2021) will be held from September 16 to 19, 2021 in Chongqing, China. CNS would like to express our sincere thanks to your great interest in CNS 2021. It is our pleasure to invite you to present your excellent results of research at the meeting.

CNS2021 is the national largest neuroscience meeting. It aims to facilitate communication among neuroscientists at home and abroad, thus promoting the research and development of neuroscience in China. The 13th Meeting of CNS was held in Suzhou in 2019 with an attendance of 3,700. Chinese neuroscience benefited greatly due to the China's economic growth and gained more influences internationally over the past few decades. Therefore, CNS2021 will be an excellent platform for academic exchanges worldwide.

We really appreciate your constant support and positive contributions to the Chinese Neuroscience Society. We are looking forward to seeing you at the meeting.

Sincerely yours,

Prof. Zhang Xu  
Chinese Neuroscience Society
